MONTHLY RECORD OF CURRENT EDUCATIONAL PUBLICATIONS: INDEX,  
FEBRUARY, 1920—JANUARY, 1921.

INTRODUCTORY NOTE.

The present bulletin constitutes a complete author and subject index to the 2,380 entries contained in the 10 numbers of the Monthly Record of Current Educational Publications issued from February, 1920, to January, 1921, inclusive. The record was published each month during this period, with the exception of July and August. The references in the index are to the item numbers which run consecutively through the 10 issues of the record for the year.

This bulletin is designed to serve institutions and persons desiring to preserve a permanent bibliography of educational literature for 1920, which may be formed by binding the 10 numbers of the Monthly Record for the year with the index here presented.

[The numbers refer to item, not to page. Names of persons about whom articles or books are written and references to subjects, are printed in small capitals.]
